

PARKING CURBS

AIR ENTRAINED REINFORCED

Light-Duty Curb

Wt. 82kg/180 lbs

1830mm x 150mm x 150mm

72" L x 6" H x 6" W

For convenient residential use, our Driveway Curb is available in 3 ft and 6 ft lengths. Installation is quick and easy, great for do-it-your-selves.

Standard Parking Curb

Wt. 220kg/485lbs

2438mm x 150mm x 280mm

96" L x 6" H x 11" W

Brooklin's air entrained, steel reinforced Parking Lot Bumpers are engineered for today's cars. The low profile design insures clearance yet the side angles are engineered to transmit the tire impact into the centre base of the curb. The car is arrested gently and the curb stays put.

Surestop Curb

Wt. 255kg/496lbs

2438mm x 200mm x 305mm

96" L x 8" H x 12" W

The Surestop curb has a radius face to gently cup the tires of non-commercial vehicles. This innovative design greatly reduces the vehicles ability to roll over the curb. Available in the popular 200 mm height - standard in most municipalities.

Heavy Duty Truck Curb

Wt. 545kg/1202lbs

2438mm x 305mm x 305mm

96" L x 12" H x 12" W

This Heavy Duty Curb is ideal for traffic control problems and stopping trucks and heavy vehicles. As a barrier they are a low cost alternative for directing traffic.

Curb Pins Available
 5/8" x 14" or 5/8" x 20"
