Your piece of paradise.

Banff

A photograph of a swimming pool with a stone deck and lounge chairs. The pool is in the foreground, and the deck is made of large, light-colored stone tiles. Three black lounge chairs are arranged on the deck. The background is filled with lush green trees and bushes. The water in the pool is clear and blue, reflecting the surrounding greenery.

Your escape  
from the ordinary.

Please note that Brooklin stones are manufactured to have a weathered, natural look through variations in colour and texture and may not exactly match the product shown in our catalogue. For a wet, lustrous look, we recommend the use of an aftermarket stone and patio sealer available through Brooklin or your local landscape supplier. Colour matching is not guaranteed for replacement. Patterns shown in this catalogue are examples of what can be done with each stone and may not be applicable for every job. For more information, please contact Brooklin or your local dealer.

# Lifetime Warranty

Brooklin is committed to providing you with hardscaping products of superior quality and performance. Our products are manufactured to meet or exceed all CSA and ATSM standards. We stand behind our hardscape products with a lifetime warranty to the original purchaser when the products have been used for residential applications and installed according to our manufacturer specifications. This warranty does not extend to colour variances or the appearance of efflorescence, which do not constitute a defective product. Brooklin will replace any defective products under our lifetime warranty; however, transportation costs or replacement labour are not included. Your warranty claim must be made before removing or disposing of the defective product, and approval must be received in writing. This warranty is not transferable. Proof of purchase required.
