SALES@POWERPRECAST.COM | 613-822-1488 | 800-344-0151

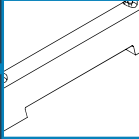

## Precast Elements

Manufactured to CSA A23.4 in a CPCQA certified plant in Ontario

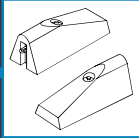

## Handling

Galvanized lifting pins and connections make for a seamless installation

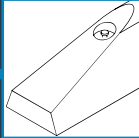

## Flow Throughs

Allows water to flow through for road draining

## Sleek Design

Low profile design makes it unintrusive to the street landscape.

## Safety

Hook & Eye connections and tapered units prevent penetration or overriding protecting vulnerable road users.
